

SUBWAYS HERE EXAMPLE  
OF WAR EFFICIENCY NEED

President Grant of Irving National Bank Tells Commission Merchants How Nation Must Improve.

CHICAGO, Jan. 10.—Suppose that Greater New York City were on the fighting line in France. Suppose that the Hudson tunnels and all the subways were running from somewhere on the coast of France to the fighting line. Suppose that Gen. Pershing were in command. Then how much more efficiently would all these tubes be used than they are now used?

The question was asked here to-day by Rollin P. Grant, President of the Irving National Bank of New York, in an address to the National League of

Commission Merchants. He spoke on "The Efficiency of War and Peace," and declared that "an actual working national efficiency of 100 per cent. must be attained before our national interest or national intention in this war will be properly represented."

Mr. Grant answered his own question by declaring that passenger trains would be used for express and freight and that trains would be run as close together at all times as they are now in rush hours, and he characterized all objections as "peace objections," which should not be considered in war. His citation of New York, Mr. Grant pointed out, was merely by way of illustrating a situation that is really nationwide. Great increases of efficiency, he said, are needed everywhere and in every industry.

Human Hand Imbedded in Street Ice, Found in Harlem.

A human hand was picked up by

Nicholas Gerathy, a street cleaner of No. 151 East 127th Street, yesterday afternoon at 121st Street and Lenox Avenue. The hand was imbedded in the ice of the street. Gerathy reported his find to the police of the West 124th Street Station, who notified the Fourth Branch Detective Bureau. County Medical Examiner Rordan ordered the hand sent to the morgue. Detective McCormack is investigating.

Bishop Llewellyn Jones Dies at 77. ST. JOHN'S, N. F., Jan. 10.—Llewellyn Jones, said to be the oldest bishop of the Episcopal communion in the British Empire, is dead to-day. He was seventy-seven years old. Bishop Jones retired last September after forty years of service as head of the diocese of Newfoundland.

F. I. Cobb to Talk on War. Frank I. Cobb, editor of The World, will address the League of Foreign Born Citizens at its club house, No. 124 Second Avenue, to-night, on the subject, "1918 and the World War."

THREE MEN KILLED  
IN WESTERN RR. WRECK

AUSTIN, Tex., Jan. 10.—Three persons were killed and eleven injured at 2:10 o'clock this morning in a rear-end collision between two sections of the "Katy" flyer on the Missouri, Kansas and Texas Railway at Granger, about forty miles northeast of here. First reports placed the number of dead at sixteen, but this later was denied by officials after investigation.

The first section of the train stopped at a water tank and the

second section ran into it head-on. The two rear sleeping cars of the first section were telescoped. The dispatchers' office here said that the rear Pullman was jammed half way through the second car. Those killed are said to have been asleep in the two sleepers.

The names of four of the injured who were brought here are W. H. Fairland, Chicago; W. G. Tooley, New York; T. F. Brown, Dallas, and F. W. Hull, Philadelphia.

Record Use of Petroleum. WASHINGTON, Jan. 10.—Petroleum produced and marketed in the United States in 1917 reached the record-breaking total of 241,800,000 barrels, the Geological Survey announces in its preliminary yearly estimate. The surface reserve of crude oil at the end of the year is estimated at 153,000,000 barrels.

**We Were Determined to Get These MEN'S SHIRTS Here**  
---and brought them by motor trucks

For the Great Winter Sale  
Open Tomorrow Morning

13,497 **EAGLE SHIRT** WEARER. SHIRTS

The railroads were needed for win-the-war work. The express companies were too congested.

So, with the makers, we "dug around" and secured four 6-ton motor trucks, and, despite snow and ice and zero weather, WE GOT THE SHIRTS.

324 of \$3 grade

To Sell at  
**\$1.15**

They are standard trade-mark shirts. The grade prices are based on manufacturers' wholesale prices of last Spring, when the shirts, of which these are the overplus, were made and sold to dealers all over the country. And the market is bare of any such shirts to sell for so small a price as \$1.15. So—we were determined to get them.
